PROFESSIONAL SUMMARY

Freelance Web Developer and Customer Service professional, skilled in building websites, handling inquiries and providing timely solutions with a focus on customer satisfaction. With a strong background in customer service, I'm able to manage multiple responsibilities in fast-paced environments and contribute to team success and maintain high service standards.

WORK EXPERIENCE

Zero to Mastery Academy (Remote) — **2018 - PRESENT**
Volunteer, Web Developer

- Collaboratively undertaking coding challenges.
- Performing coding tasks.
- Contributing to open-source projects.

Spina-bifida & Hydrocephalus Association of Kenya (Onsite) — **2020- 2023**
Administrative Assistant

Prepared reports and presentations, handled calendars, meetings, internal and external communications, maintained financial records and office documents and assisted with organizing events and conferences.

Vivo Energies, Kenya. Shell Service Station (Onsite) — **2010- 2020**
Customer Service Attendant

Ensured customer satisfaction by providing information, resolving complaints, processing transactions, maintaining records, conducting sales and managing inquiries.

EDUCATION

Zero to Mastery Academy (Remote) — **2018 - PRESENT**
Certificate, Full-stack JavaScript

Acquired skills in front-end technologies and programming concepts, including HTML, CSS, JavaScript, Bootstrap, React and more. Currently expanding knowledge with server-side programming.
